

About the Presenter

Kaye Hannan

Kaye has been associated with horses for over 45 years and a **competitive rider since 4**. She still competes in One Day Events and Dressage up to National level with Ex-racehorses and more recently, on two Clydesdale x TB geldings.

*Kaye and her Champion
Medium Dressage horse
"Lundstrom".*

Her fascination with equine rehabilitation can be seen in her qualifications; M. App. Sc. (3 Equine Research Projects – primarily tendon rehabilitation), Equine Massage Certification and Equine Acupressure (USA). This thirst for knowledge has driven her to a new understanding of the equine athlete and as such, she has developed a successful line of herbal products under the banner of **Hannan's Healing Herbals**.

These products complement an already successful Equine Therapy practice based in Ebenezer at her **Performance Horse Rehabilitation Centre**. This desire to improve on poor performance has led her to explore unique methods of **tendon and musculo-skeletal rehabilitation**, and as a direct result of her success, Kaye now liaises closely with leading racing stables and local veterinary centres.

A First for New Zealand

Kaye will be presenting at two locations and will have to return later due to demand from the North Island and Christchurch areas, Do you want to be part of the "Knowledge Initiator" series and gain the benefits of riding and training a happy comfortable horse who is giving the best they can physically and mentally?

Then get busy ordering tickets through www.gqmassage.com.au for your place in a knowledge-fest!
